“ We knew Bert for many years and proctored a large number of examinations with him here in the Sacramento area. Being also retired Air Force, we often saw him at the base here. He was never without a smile from ear to ear and was so well liked and respected by all who knew him. He often brought some of his "hot peppahs" (yes, that is a Fall River pronunciation) for my wife. We were privileged to meet Jeanette before she passed away. Bert's was a life well-lived and he was a tribute to his country, his service and his family and we were both honored to have known him and called him a friend. We live with the faith that our God takes care of such good and decent people. and we send our best wishes to all who loved him.

“ David and Pauline,
I don't think I ever met you when I visited my mom and dad, but you really nailed his Fall River accent and smile. Thank you for your kind words.
