Hutcherson Family,

I count it a privilege to have known Terry. We worked for many years together in Roswell and around the USA. We shared some good times over the years working, hunting and just shootin' the bull. We shared many of the same traits and sometimes when I would call him, he would tell me that he was just thinking about calling me. I always told him that great minds think alike. I remember when Gus and Tracy were just little tikes and our boys played ball at Stiles field.

Emma, I have found memories of you, Hutch and the kids over the years. I am deeply sorrow for your loss. I would call him once in a while after he moved back to Kentucky. Recently, when I called he told me he wasn't doing so good, but he was always trying to be positive about things. I tried to call him every couple of weeks after that and let him know that Nancy & I would be praying for him. I was glad that he got to come back to Roswell a few months ago to see his family and I enjoyed visiting with him when he was here. I know he loved his family very much.

I used tell him that we might be kinfolk back down the line somewhere as my family tree goes back to Greene County Kentucky. I think he kinda like that seeing as how we were the same age and had similar backgrounds. Words cannot say enough in this time of loss,

but I know that Terry is in Heaven because he put his faith in Jesus Christ. May God comfort you in this time of loss.

For me, Terry will be remembered as a gentle soul that was quick to laugh but first in line to get a task done and done right the first time. We worked for the bus manufacturer in Roswell NM but my job had me located in Georgia representing the company. The many times that I would travel to Roswell there was one thing that I could always count on was a warm welcome, a firm handshake and a wonderful smile from Terry. There was a need for some reworks on an order of buses that were delivered to Lexington. Terry came to Lexington and I too went there. We worked together getting the task at hand completed. In the little spare time we had, Terry took me to see where he grew up and I was introduced to some members of his family. Considering how long ago that was I am not sure who all I did meet but Terry beamed with pride by introducing each and everyone. I do remember seeing Terry enjoying this little bit of "going home". It is a blessing that he was able to enjoy the last few years of life in a place that had never left his heart. With much pride I can say that Terry Hutcherson became more than a coworker but someone that was easy to know and respect as a good human being. To all his family and friends much sympathy for the loss.
