“ *Dear family,*

I know that one of the happiest periods in time in my life was when Mr. Bogie allowed me to keep my horse on his farm. I would come out alone and ride for hours. He provided a means by which I developed my personality and appreciation of life. May you know that I have thought of him often over the period of 45 years. You have my love and support during this hard time of his loss.

“ *Mr. Bogie was one-of-a-kind. His love for conservation and teaching children about it leave a great legacy. He not only wanted to teach others but lived conservation on his farm. We have lost a true conservationist.*

Gladys and I offer our prayers and condolences to his family. His memories will be with us forever.
