“ *Kevin passed along the sad news. I am glad I had several opportunities to visit with Annette in recent years. This gives me a vivid memory to hold in my heart as I pray for you and your family. Reading the obituary and all her descendants, I realize how much distance and time we have all traveled in our lives. I will remember Annette as another one of the tough women in this family doing whatever it takes to love and support her family.*

Although I cannot be there in Kentucky to celebrate her life with you, I will think of all of you together this week as you remember your mother, grandmother and great grandmother and all she has meant to you.
