“ *I am so glad that my significant other got to meet Granny earlier this year. And that we were able to participate in a family game night that was full of laughter and antics. Granny will be missed, and we will always carry her in our hearts.*

“ *We are so sorry for your loss. We loved her, Luke, and the whole family. We were fortunate enough to spend a lot of time with the family at Christmas gatherings. It was Christmas in every sense. The family, the food, the gifts and the games. It was a wonderful time and Barbara made it special, always happy and so proud of her family. I know she will be missed. Our thoughts and prayers are with you all.*

“ *It is with deep sadness that I read of the passing of your beloved mother, grandmother, and a true and loyal friend to so many during her earthly journey. I had the privilege of going to Franklin County High School with her and then working at the General Assembly with her. She had a smile that would radiate any room and always made you feel special.*

At the General Assembly, she would spoil us with her delicious biscuits and honey, and her homemade angel food cake. For some reason, we never wanted to share it with anyone!!! Now imagine that?

On many occasions, we would bump in to each other at the grocery store and she was always rushing to attend a ballgame for one of her grandkids or an event for one of her sons! When she worked the General Assembly, she would always say that she was making this money for her kids and grandkids. She loved all of you more than life itself and so very proud of all of you.

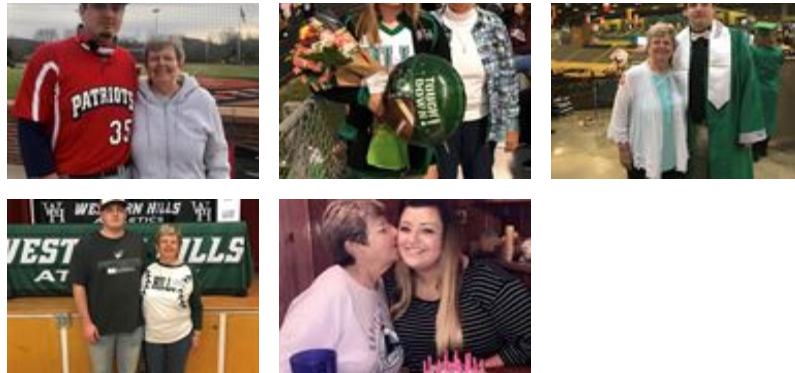

Although, we didn't run the same circle all the time, I considered her a very dear and special friend. She always made time to meet with friends to just talk and reminisce about good times!!! The world was a much brighter and better place because of her presence and she has left footprints of love and kindness that will be forever etched in our hearts.

“ *She was the rock, the center, the glue keeping the family always close. She loved deeply and was always giving of herself to so many. I loved her very much as did so many. She will be missed terribly!*

“ Mom, little did I know that when we took this picture together at my last race, it would be the last time that I would get to see you before you left this world and entered into the gates of Heaven. Your phone call on the morning of my birthday was the last time we would talk but what a conversation we had. You sang Happy Birthday to me, just like always and told me that you loved me. I said thanks mom and I love you. My heart aches with the thoughts of not being able to see you again until I get to the gates of Heaven. Mom, I love you with all my heart and soul and I am going to miss you.
