“ Fran, Willie and I want you to know how much we will miss seeing Bert out in the yard mowing the grass, getting his golf clubs out of his car and, of course, jogging around the neighborhood! I will personally remember him because there were many times I would walk out in the very hot sun to get the last of those 6 miles in but now will be cautious and not take that risk! Also, I will stay on Willie's back (like the commercial) telling him not to 2 exercise sessions a day as I've done so often and I think he will now listen to me, from one loving wife to another. You both have held special places in our hearts even though we didn't do much together. We always knew when we were leaving the subdivision that we'd either see you working on the flowers in your own yard or out front of the subdivision and knew you had a kind heart to do that for all of us in the little community we have back here. I mean it when I say if you ever need us do not ever, ever, ever hesitate to call us. I'm sure you've heard it often lately but that just shows you how much you are loved, but we are probably closer in vicinity than most others, especially if in need or emergent care or just a loving ear/heart to talk to or lean on. “ Fran,
I was very saddened to read the note from your staff about Bert. Even though we're not the closest of friends socially, you are a part of my extended WIC family. I hope that all the love, prayers and support from your family and friends during this difficult time will help your heart and soul begin to heal.
Please take care and feel the big hug I'm sending your way,
Teresa
