“ *Dad and I are so very sorry for your loss. Betty was a very sweet and kind person. Dad always enjoyed when Betty would take him flowers to plant in his yard. He also loved the homemade candy, etc., she gave him at Christmas. Betty will definitely be missed!*

“ *I first knew Betty from living in Bagdad. She and I worked together for many years. She was a very sweet, friendly, adorable person. She loved to read, like I do. She loved her family dearly and when she became a grandmother she told me on the phone that she was so excited. She had many many many friends and I am blessed to be considered one of her many friends. Betty will be missed.*

“ Betty and I worked together for quite a few years at DDS. Had it not been for her quick thinking, I very well could have passed away in her office. I was having a tachycardic event and she had the presence of mind to run to get a doctor who helped take care of me. She was a lady who was a friend and one who was very much missed when she retired. Her immediate family should know that she spoke of you all in ways that left no doubt that she loved you immensely. She spoke of Wayne and Mike all the time and I know you will miss her terribly. I know she loved Wal-Mart and said she'd wanted to be a Wal-Mart greeter after she retired. I can see her now, greeting everyone as they enter the door. She was just so friendly.
