“ My condolences to Billy's family. Was surprised to learn of Billy's passing. Billy and I attended to Frankfort High School played football together (class of 85) he was an outstanding football player on both sides of the football field (offense and defense). He was a strong minded, willed, determined person who doesn't back down from a challenge. He loved a challenge and would succeed in many of them if not all. He was also a fun person to be play football with. One of the things I learn from Billy in my younger days is to never back down from a challenge and to be strong and face your fears. That was very encouraging for me being deaf/hard of hearing it was a challenge that i accept and for that I will forever be grateful for the advice as it served me well after graduating high school and moving onto college and into the real world. THANK YOU BILLY for sharing and making an impact on my life. You will be missed but not forgotten.

Ps: I've reviewed the photos here was surprised to see the football pic. Chris Mitchell, June Shepard, myself (23) and other teammates.

Sincerely,

*Wendell Harris
