“ *Brenda and family it has been a long time since I saw Bobby but I can picture him waiting for Brenda and watching all the people and when he said it was time to come home because of the weather it was time for every one to go. I think about you telling about watching the deers and enjoying every thing every day. I really enjoyed kidding around with him. I am sure you will miss him being there waiting for you to come home. He loved and cared for many.*
