“ As the week two passes, I realize time goes on regardless of the circumstances. My heart is still broken for the loss of a big part of my history and the loss of a father to my amazing boys JB and Clayton. Even though Brad and I were not married anymore, we still had a good relationship and we were great parents to our kids. They prove that every day! I have so many great memories, but one of my best was a recent conversation I had with Emma (Brad and Carla's daughter). She asked me months ago why did her dad and I divorce. I was taken back a little, but soon after a few moments of thought responded "So you could be born." I will continue to remember the good times and keep his legacy alive with my two boys. I am so grateful that even through divorce, we were able to do what was best for our kids and I will cherish from now on the wonderful relationship I still have with his family. My boys have been changed for the better because of the love of their father. That memory will never die.

“ Governor and Mrs. Carroll: I was so very sorry to hear about the death of Bradley. I can not even begin to realize how you feel as his parents. He was a wonderful person who loved and cared about everyone and will be dearly missed. I know God must of had a very special job for Bradley to do to call him home at such a young age. My thoughts and prayers are with you and your family. If I can do anything feel free to call me at 270-601-3908. My prayer is that God will wrap his loving arms around all of you during this time. “ All the family, I went to Frankfort High School with Brad. He was behind me as I graduated in '80 but felt a close bond to Brad. Always open to conversation and being a good friend and person. Even with stature as the son of Kentuckys Governor, he was never aloof or haughty etc. just a great down to earth guy with a terrific and pleasant personality. I would occasionally run into him at the dance recitals at the Lexington Opera House and it was as if we had just seen each other yesterday and would pick right up on a conversation.
I wish the family all the best in this tragic loss of a special loved one. My thoughts and prayers are with you all.

I can certainly empathize with the shock and grief that you are experiencing as my family lost my oldest brother in an automoile accident. While it is very difficult to explain why things iike this happen, I have found comfort in realizing God puts many wonderful people in our lives and while we need them here on earth, God needs them in heaven too. “ The precious Carroll family and the entire Frankfort community has been so much in my thoughts and prayers this week. My memories of Brad bring back memories of one of the best times of my life. How could anyone have had a better high school experience than what we all had at Frankfort High? It was really like the American dream of what high school should be. Getting to know the Carroll family during those years was just 'the icing on the cake'! What a warm and amazing family. I remember Julian and Charlann as the most loving, caring, supportive, and when necessary understanding (teenagers:)), parents. Brad was surrounded by the great love and close friendship of Patrice, Kenny and Jenny. He absolutely adored Elly. I have carried the Carroll family with me in my heart for all these years. Now, my heart aches for them and for Carla and all Brad's beautiful children. Knowing first hand what Carla is going through, I will be praying for her especially. When I dwell on this tragedy, my mind eventually wanders, I cannot help but start thinking about all the good times. Then, somehow I end up smiling. I think that is something Brad did for so many people, put a smile on their face. Just look at the photo posted on the web page and try not to smile with him. Tears or no tears, it just cannot be done. That smile has always been contagious. My thoughts and prayers are with the Carroll family, Brad's lifelong friends and the entire Frankfort community today and in the weeks to come. God Bless each of you, Debra

“ Dear Julian and family...Judy and I were truly saddened by the death of Brad...We had just visited with him a few weeks ago during breakfast at Frichs...He saw us before we saw him and he went out of his way to come to our table and visit. I have known Brad from the early days of his adulthood and have always had a very warm spot for him in my heart...I watched him go through some very difficult storms of life, and he hung on and showed himself to be a man of strong character...He always greeted us with respect and kindness....During the times that we observed Brad, he always seemed to be a man of humility and kindness....I have said to many people since this tragedy occurred, that Brad Carroll was a fine young man who was admired by all who knew and observed him over the years.....Please accept our deepest sympathy and know that we are praying that our Lord would grant you the grace of His comfort , love and peace during these difficult days....Tom and Judy

“ Dear Governor and Mrs. Carroll. Our thoughts and prayers are with you during this time of mourning the loss of your son. I did not know him. But Governor Carroll, when he was Lt. Governor, came to Mt. Zion Christian Church, Richmond, and preached for us on the 125th anniversary of the church's founding. I was the minister there, as well as Chaplain/Professor at Berea College. Governor Carroll, I have followed your career and admire what you consistently represent. I suspect that your son was cut from the same cloth and that he was a good man. To have lost him at such a young age raises questions that will be answered when we arrive where he is - with the Timeless One in the Timeless Zone. May God strengthen you folks as you grieve.

“ Dear Carroll Family,
Wava emailed me about Brad's tragic accident yesterday. I cannot express how sorry I am about his death, how such a fine man can be taken from his family and friends in the prime of his life. I was recently thinking of him and how it's been many years since I had seen him, wondered if I'd recognize him or not. He had lost his hair but still looked like the same old Brad. I remember so many years back how much fun we had at the lake and how much I enjoyed playing with him and skiing in our youth. I will never forget when Kenny and Mark tied Brad and I to a tree probably not 50 yards from your cabin. I can't remeber how old we were but I thought no one would find us. Also the time someone had loaned Julian an Airstream trailer and Kenny and Mark devised the "Lakeland Monster" to scare Brad and I out so they could sleep in it overnight. These are lasting memories I will always enjoy. You should be proud of Brad's life and life's accomplishments. I will miss him and was hoping sometime in the future to have met up with him and his family and said hello. I know you will miss him terribly as how I've missed Mom, Dad, and Jayne.
