“ What a shock to all of us for your sweet mama to be gone so soon. I still remember your Mom when she and your Dad came to give my Dad the most precious gift of his life. She was so young but so strong as your Dad's wife and partner to keep him strong and to keep my Mom as strong as she could. She made her smile and laugh in a really crucial scary time. Back then it was less than a 50% chance that things would end well. I just remember her smile was infectious and her spirit was so positive. Looking back she was so young and that was ALOT to go through for a young wife. Just a very strong lady! I know she loved all you girls so much - you were her world. And I know your Daddy's loss is devastating. Please hug him extra hard from his niece Jeanie. I cannot imagine the pain of losing her so young and so quickly. All the Mitchell's out here in the West are thinking of you all...praying for you and have you in our thoughts.

“ We are all so deeply saddened at the passing of your mother. It has been a long time since any of us have gotten together, but I did so love talking to your daddy and your mother on the phone. I love all the memories of when we'd get together in Austell and Douglasville when you girls, and all of us were little. Ya'll were all certainly your mothers world❤️ Please know all of us here in Florida send our love and condolences, and you're all in our thoughts and prayers.
