“ Cindy was in my life for so long the memories are too many to list. Even if we lost touch the last few years I will never again have a friendship as long as ours lasted. The day she left work on disability I put in my retirement papers could imagine being without her. We did countless parties to gether I have boxes of funny photos. We were born the same year had our 2 boys the same years, left the government the same week and even shared the same boyfriend SANDY PEASE or as she and I liked to tell greg the man among men. I knew her secrets and she mine. What Happened?! Have attempted to talk to greg he is two distraught for words, Cathy can you call me 301 648 1379

“ Cindy always knew how to make me laugh. I'll never forget her smiling face and her caring ways. We have truly lost a special person. She always gave everything she had for our students. She became the neighborhood mom and so many children are so blessed for having her in their lives. We all miss her, but I feel sad for all the children she never got the chance to bless with her love. You are missed, but never forgotten.

“ Ms. Cindy will be greatly missed. She played a huge part in many lives and had a hand in raising several children in our neighborhood including my son Dakota who has known Ms. Cindy and Mr. Greg since he was born. God has a special angel in Ms. Cindy and I am deeply sorry for your loss. I have many fond memories of Ms. Cindy and will never forget Honey's birthday party in the island, summer nights talking under her tree, Dakota running into her house like he lived there himself and many baggies of snacks from Ms. Cindy's kitchen right before dinner! We love Ms. Cindy and she has left an impression on our hearts forever.

“ My condolences to the Roberts and Hiner family. May God continue to provide the strength that you have during this transitional time in life. I met Cindy 3 years ago when I started teaching Kindergarten at Bel Air. She would come over to visit me and Sandra Reid. I learned that she and Sandra had a passion for HOT snacks. She would often try to get me to try and I was not going for that. Sometimes the snacks would be so hot that her face would turn red and she would say "OOOOH YES that's HOT"! We became chocolate buddies. We were both suppliers and met each other needs!:) We would stash chocolates in places that only WE knew of.(our special stash, NO ONE knew) She was my assistant for our first year Kindergarten Summer School program and I think that she enjoyed it more than the children! She was really the ray of sunshine and loved to dance on Friday with all of my classes when Ol' school music was playing. My heart has been very very heavy and walking down the Kindergarten hallway, driving to school and seeing the children in the busline has been very challenging to me. But knowing that she is in a MUCH better place lifts my spirits. I know that she is receiving the Heavenly chocolates and dancing like she was still in my class! Thank you Cindy for welcoming me into your family!

“ Please accept my condolences. Cindy was a wonderful, giving, caring woman who did so much for the people of Bel Air and her community. She was always upbeat with her colleagues, and her joyful attitude made Bel Air a happier place to be. With her students, she was loving and caring, and she went out of her way to make sure their needs and wants were satisfied. Her care and concern extended not just to the students in her class, but to any student who seemed to need a little TLC. She was a great "mother hen" to so many children, and she will be missed.

“ Cindy was an "Angel" to so many children in our school, and community. I know she is in a special place now watching and taking care of all where she is. I was proud and blessed to have worked with her at Bel Air. Cindy was a ray sunshine and could bring anyone out of a funk with her smile. My son said he will always remember her as being very kind. “ I knew Cindy in a happy time. I remember moving into her neighborhood when she was pregnant with Nate - She was so young and so happy. She & Greg were new to the neighborhood too and we quickly became friends. Many, many days were spent sitting on the steps chatting and watching the kids play. Cindy was like a second mother to Lauren & Jessica. She was there to comfort Jess when she got bit by the neighbor's dog and I had to leave her. She was there to comfort my girls when their Aunt died and they didn't understand what was happening. She was there for daily "apple shoes" and cookies with my girls. She watched their plays, played dress-up & Tea party...the list would go on and on.

I think my favorite memory will always be the Mother's Day she & I spent together without our husbands. Can't remember the reason they were gone but we spent the afternoon drinking peach daiquiri's. Thank goodness for her nanny, Guilamina, was there to watch the kids because those daiquiri's tasted pretty good...when we finally ran out of mix we decided to smash up cling peaches. Sounds kind of gross but by that time it didn't matter. Picnics, parties, progressive dinners...it was a happy, happy time in both our lives.

Cindy, you left us too soon. I will always carry your memory with me. I'm sure by now you are giving everyone directions in heaven. Every now and then, have a peach daiquiri and think of me. I love you!

“ My daughter is a student at Bel Air and upon hearing the news, she was saddened, and while she was never in a classroom with Ms. Hiner, she said to me "She was my kindergarten bus leader, that's how I met her, I like her, she's nice, I miss her." For a person who had maybe 3 minutes contact with my daughter a day for a year (3 years ago) to be remembered that well by a child, means that person was incredibly special. Whenever at an event at Bel Air, if Ms. Hiner was around, she was always smiling and happy and interacting with everyone, a true sign of a great educator, friend, and mostly a great person. I hope that as a family you find some comfort and peace as you star the healing process.

“ I first met Cindy personally my first year at Bel Air volunteering for PEP. Cindy gave so much of herself to all the students of Bel Air, their families and to her coworkers unselfishly without question. I have taught 1st grade for the past 5 years and she was always popping in with the "coolest" birthday crowns and other special things for students that have moved on from kindergarten.

She, along with Colin and his friend, helped me move furniture down 4 flights of stairs and into the place where I live currently on a VERY cold day in February 2009. She heard me saying how someone had backed out in helping and without hesitation, she asked, "Where? When? I'll be there." Cindy, thank you for your kind heart and generous spirit. My thoughts are with your loved ones and dear friends during this time of sadness. May you have your own "coolest crown" in Heaven.

“ My first encounters with Cindy were back when she encouraged me to help her start our Holiday Happiness campaigns for the homeless shelter. I remember way back then being amazed at how she was always taking care of people, especially families and children. Cindy will truly be missed at Bel Air. I hope the Hiner and Roberts family can find comfort in the fact that Cindy was truly loved by her Bel Air friends and that she made a difference in the lives of so many people.

“ We have lost the most wonderful women that anyone could of known. Cindy I will miss seeing you several times a day coming into my office asking "where did you hide the chocolate!" Danielle said she will never forget the gingerbread house making with your students and you and your beautiful smile. It is a great loss to the Bel Air Students and community. You will always be in our hearts and never forgotten. Remember the song "I got a brand new pair of roller skates you got a brand new key." Enjoy all the rollerskating cause you so deserve it! “ I worked along side with Cindy for the past four three years at Bel Air. Her positive attitude, warm and caring personality are attributes that I always admired about her. Cindy could always see the good in everybody and loved all of her students as her own. You will be greatly missed here at Bel Air. Cindy, I know that you are dancing and singing with the angels. I miss you, but every time I see a child smile and eat an M & M, I will think of you. To the Hiner and Roberts family please know that you are in my prayers.

“ Cindy, my heart breaks knowing that I never got to truly say goodbye. You are the reason that I made it through my first year teaching. Seeing your smiling face at Back to School night made me feel at ease. I love you and I promise to check in on your boys. I love them too.

“ Cindy was an wonderful kindergarten assistant and I was very privileged to have worked with her for the past 4 years. She had an amazing rapport with the children and she loved them as much as they loved her. Her famous expressions ("we rule the school") live on for kindergarteners past, present, and future. She will be missed by everyone at Bel Air, her "home away from home". My condolences to the Hiner and Roberts family.

“ I wish I knew Cindy as well as the other teachers at Bel Air Elementary. Unfortunately our paths didn't cross that often since I was teaching 4th grade. When our paths did cross, Cindy would ask about my son & how my day was going. She would also joke with me about the goofy emails I would send to the staff.

She was a wonderful person & a huge part of our Bel Air family. I thank God that I had the chance to work in the same building with her.
