“ *Diana.  
We will miss David so much words will never describe  
He was a great Uncle,Brother. We have a lot of great memories.  
David would always makes us laugh, with his jokes and stories  
always remember those times he would not want us to do  
otherwise. David always gave Eric good advice growing up he will  
cherish that always. God took David for a reason and some day we  
will see him again in all his glory. Probably playing poker. know we  
will be there for you. If you need anything at all please call we will  
be there for you.  
Love you always

“ Dear Dianna and the rest of the family:

*I am so sorry to hear of Dave's passing. When we worked together at Frankfort Vision, he was such a great guy to work with! He had a great sense of humor and I valued his input as an optician.*

*With my sincere sympathy,

“ *I'm so very sorry for your loss. I was able to only spend a short time with you - the family - at the hospital on Saturday, but I've had the honor of knowing several members of the family, and their friends, for a long time. You are good people who have faced some very difficult times. While I do believe that those who die before us are welcomed into unending peace and joy, I also feel that those of us who are left behind have to face heartbreak (that sometimes seems unending). I wish each of you the very best and pray that God sends you the strength and love you need to face this loss.*

“ Dear Roger and Paul,  
We was so sorry to hear about your brother. I wish I had some magical words to make your hearts feel better , but I dont. When horrible things like this happens it is only natural to feel angry and to not understand why God could take someone so young with so much more life ahead. God never said that bad things wouldnt happen to us but he did say he would help us get through it. Just know that you WILL see your brother again one day and for him there is no pain , suffering or sorrow. So the tears is for us only. My thoughts and prayers are with you and please let us know if ther is anything we can do for you or your family. We love and care for you .

“ Dianna, Even though I cannot be there in person, please know that you and your entire family are in my thoughts and prayers. I remember the first time I met David in Louisville (remember -haha) we sure had a good time. I know how hard this is and will be for you, just remember to stay strong and to remember all the good times you two had together. If you need anything email me. Love,

“ Diane,

*We know words will never bring David back to us. He was Your Tuna and our Diddles. He brought Love, Laughter and Joy to our Family and to You. He died doing something he loved watching his Kentucky Wildcats! You know now God is looking for ear plugs, because David loved his loud music. Please know if you need anything, or you just want to talk, cry or laugh we will be here for you. We love you!*

“ *Dianna, Words cannot express how we feel. But please know that we will sincerely miss David and will always be there for you. Please keep in mind how much you two loved each other and how many wonderful memories you have to hold on to during this sad time. Time will not take away your pain but time will heal and help you to cope. David is still in your heart and watching over you.....he would NOT want you to give up but to continue to take care of yourself. We love you! Deb & Larry*

“ *Diane - please accept our sincere condolences on this great loss. David was a good man - one that would do anything for you - no matter what the request. He was a good husband and a good father and a wonderful grandfather to Laura's children. I know he will be missed - but you have been blessed with so many good memories that the two of you have gathered over the years. Just remember how much he loved you all and know that God will give you the strength and the courage you will need to get through this very difficult time. You have some tough times ahead - but just hold onto the strength from the Lord and He will get you to the other side. I love you and if there is anything I can do - please let me know.*
