“ *To Sherri and the family of Don Peluso: Rev. Bowers delivered a memorable eulogy for our good friend, Don Peluso, today at Harrod Brothers. I was honored to know Don. He shared his wealth of knowledge about coins, and much more, with me. He helped me understand the true meaning of life. I always enjoyed my visit to his rural home, a wonderful museum of time, with memories of Frankfort and the United States. I never heard him say a negative word about anyone. I have become a better man through my friendship with Don and Sherri. Through their personal interactions with me, I have gained more than I can describe in mortal words. Their love of animals will be a constant reminder to me as I teach my pre-veterinary students. Thank you Don, for your wisdom, your compassion, and your enduring friendship. I will see you later, on the other side. May peace and happiness be with everyone you knew and loved Don Peluso, as I did. Chuck Bennett, Professor of Biology/KSU*

I am sorry to hear of the passing of Don. He hired me on at the State Journal almost 21 years ago and was a good friend and boss. Please let me know if there is anything I can do.
