“ Spurge was such a wonderful person and a true Steelworker. He and I worked in the office together, often had meals together (or would take on some nourishment, as he would say) and traveled together. We were on our way to Virginia Tech in Blacksburg when the tragic shooting happened. We always worked half days as he would say...that being half of a 24 hour day. If he ordered chicken it invariably had a “fowl taste” and he would laugh so hard when the waitress offered to bring out something else. It is not possible to do the work we enjoyed together without continuous reminders of Spurge. Labor has lost a true leader. RIP my dear friend and Union Brother.

“ I was blessed to have known and worked with Spurge. He served as staff representative to my local union or a few years and he represented us well. Spurge was my friend and I am grateful for all the things he taught me. RIP my friend. I am sure you, Dad and Louis are having some great conversations

“ I enjoyed working with Spurge so much. He was very talented in his work, and so funny. Spurge was truly a people person. We shared a lot of laughs. I once traveled with him driving to Baltimore from Frankfort. He knew all of the best places to eat. And the jokes...always sharing them with people at the restaurants and hotels. He was a special guy, and a great union brother. R.I.P. Spurge. Prayers for Jean and all of the family.

“ We could have never found better friends and neighbors as Jean and Spurge! We did lots of things together including wonderful cruises! A funny memory was us in Hawaii when the 4 of us had a private 60 passenger air conditioned bus to tour the city and Pearl Harbor because it was the only available handicapped bus with a lift for my scooter! Spurge and Jim entertained on our cruise ship with their never ceasing jokes! Jim still occasionally tells a joke and says it is a Spurgism!! We raised our kids together and Spurge and Jim were active in Ashland Little League! Jean remains my special friend and I send her and the family my love and prayers!❤️🙏❤️

My memories are from long ago when Spurge was one of our neighborhood friends in Ashland, KY. He along with my brother Wayne, Kendall, I and a few others were members of the same hotrod club. Spurge loved to wear our club jacket and attend our meeting at at rented garage. Spurge was always good about driving us guys for our Friday or Saturday night outings. I remember him driving his Dad's new Olds with power steering and he showed how he could turn a corner with one finger. Spurge was a really good high school buddy and a great friend. I look forward to seeing him again in Heaven one day. I will continue to keep Jean and his family in my prayers.
