“ *i still come on her even after almost 9 years and write about how good and caring of a person/ brother to me and my siblings . i am 16 now and i can still remember every little detail about him, like his smell, tattoos, and voice. It seems that i have taken his death the hardest even after almost a decade. we were so similar and if he was here today he would help me get though all of this hurt and depression i have. Erric will forever be in my heart and in my thoughts. i wish you didn't have to go brother. i love you! please keep watching over me from heaven. -leah rose*

“ *Erric was a great friend to me. We met at camp pleasant baptist church, he was always there to console me when my life threw me curve balls. When I was 13, I tried to end my life. He was at the emergency room while my stomach was pumped, he sat there and prayed with me. We used to listen to the music of mazy star as we rode around in his little blue hatch back car. He saved my life and I am forever in debt to him. I hope someday we will meet again. I wish I could have been there in his hour of need. He will be forever missed and I know in my heart he is in heaven watching over us all.*

“ I knew Erric's father Tinker from our growing up days in Bald Knob. I have known his mother for a number of years.

Several years ago I heard Erric preach and was proud of and for him.

I am so very sorry that he is gone.
