“ *Prayers of comfort at this difficult time. She epitomized public service in her years with the Natural Resources and Environmental Protection Cabinet, and was ever a gracious, kind, and thoughtful presence in the agency. As is said in the Jewish tradition, may her memory be a blessing to all who knew her.*

*I had privilege to work with Frances on Reilly Road for a number of years, occasionally relieving her at the front desk. I think she had one of the hardest jobs in all of KY's environmental protection efforts - fielding the often angry phone calls and walk-in visitors, listening and referring people to the correct staffer responsible for varying responsibilities, being cordial to every employee in a large building plus to the public, and answering all those phone lines for multiple state offices was no easy task. Frances could do it all!*

*I'm sorry to learn of her passing. I'll never forget her!*
