“ *I met George my first year at UK. At first we were fraternity brothers and neighbors, but we quickly became good friends and saw/talked with each other almost every day until I moved away from Kentucky in 2012. He was one of the few friends from college I have kept in touch with for the last 20 years.*

*George was always there for me, no matter what was going on in his own life. He helped me with college essays and grad school applications. He invited me into his circle of friends. He was one of the few people in my life that I could turn to when I didn't know what to do next.*

*RIP George. I'll see you on the other side.*
