“ *Harry May was employed by the Geotechnical Branch of the Ky Transportation Cabinet for his entire career. He was a valued employee who worked in the Soil Laboratory. He was familiar with all the tests and could preform most of them. He had a great attitude, hard worker, worked well with others, a great employee and wonderful person to be around.*

It was my pleasure to be Branch Manager and his supervisor and his friend. Due to my health condition I will not be able to attend tomorrow funeral but will keep all of the family in my prayers. Henry Mathis
