“ *To Kenny's family,  
I was so sorry to hear of his passing. Although I have not seen him for years,I moved out of state shorly after graduation, we went to school together and I have fond memories of him. He was a fun loving person, well-liked by everyone and seemed never to meet a stranger. My you remember all the good times and draw comfort from knowing he is in God's care.

“ James and Lee,  
Sorry I can't be there with you.  
But you are in my thoughts.  
I know you have a lot of good memories of the time you had with your dad and I share some of those memories. Keep those memories close and they will help you through this time of sadness. Growing up I spent a lot of time with uncle Kenny. Many many trips on the truck when he was driving, all the fishing and hunting we did together, going to truck pulls, and we worked together for awhile. I could go on and on, but I won't. Me and uncle kenny had a special relationship, he understood me and I could talk to him about anything. He taught me alot and I am glad he was a part of my life. He will be greatly missed. I didn't see and talk to him much in the last few years and I regret that. I guess I thought this day was still a long time away and I had time.  
So James and Lee, hang on to the memories as I will.  
I want to send my condolences to all the family and for them to know they are in my thoughts.
