“ *Jared was a special young man. He installed Skype on my computer one weekend when he visited Hazard. I am glad I got to know him. God will give you peace. We don't know God's plan but he has one. He gave you a special baby boy and let you know him for a short time. Now he is with him and you will always have him in your heart.*

“ My prayers and condolences are with Jared's family and friends. I was Jared's Spanish II teacher at WHHS, and he was always smiling, respectful and worked diligently in my class. He certainly loved his many friends and loved joking with them, and really loved playing football. His death comes as not only a huge shock and a senseless tragedy to this community, but a keen reminder that we all need to cherish the time we have with our friends and family a lot more than we do. In that respect, his passing is truly and definitely a much needed and helpful reminder to us all. R. I.P. Banta.
