“ *It sure is funny how his own children were left out of his life, funeral & obituary. Thanks to the family for letting us know our father had died. Did anyone ever think over the years to ever contact us to see if we needed anything or to even let us know our family's health history in case we ever had problems. I remember calling my dad once to see if he would donate bone marrow if they found out for sure I had leukemia and he said no, he did not care about us as kids & sure as hell did not want anything to do with us as adults. Too bad the Griffin family never cared enough to know Dale or I and our kids & grandkids. They are amazing. Dale & I have turned out ok and I sure pray that we never turn our backs on our families like the Griffins have done to us. Thank you all for taking this last right away from us also. I hope you all can live with the guilt you should all have about Dale & I, and I hope JOHN CALVIN GRIFFIN YOU ROT IN HELL for the hell you put us through. What kind of man leaves a six year old & nine year old.*
