“ *When my dad married Linda all those years ago I gained lots of new family members and another grandmother. Granny Thurman always treated me as one of her own, even though I wasn't. I have many great memories of spending the night at her house along with all the cousins, playing games and laughing a lot! Many memories of going to the mountains and family reunions! My family is small and I've always loved the "additional" family members I received! Granny Thurman was a special lady and I could never thank her enough for loving me as her own! My prayers are with everyone during this difficult time.*

Love, Melissa
