“ *Momma and I loved to eat breakfast at Frisch's and like everyone else, we always wanted to set in Judy's section. She took pride in her job but always had time to share how things were. One day we left and after getting home Momma realized she didn't have her wallet so we flew back to Frisch's and as soon as Judy saw us she told Momma not to worry, she had found it and put it in a safe place till we came back looking for it. Judy always made sure everything was done right if she was taking care of you. I was shocked when I found out to late about Judy's passing to attend visitation, I am sorry because I would have attended. Heaven has a hard worker and sweet soul in Judy. Prayers to her family during this time of loss.*

“ We always requested Judy as our waitress when we had our Saturday family breakfast at Frisch's. She had would tease and cut up with us and always tell us "God Bless" when we left. She was such a hard worker and she knew her regulars and what they usually ordered. She would usually have our table already set up before we ever got there. Judy had a heart of gold. I can remember her telling us about one of her regulars that was in the hospital and had no family. She would go over and sit with this individual so that they weren't alone. Judy will be greatly missed. RIP Judy.

“ *When we would go to Frisch's my family would always ask for "Miss Judy". You ask me why? Because she was always full of energy and personality. My husband would tease her and say he wanted "a real waitress" even though she knew she was his favorite. Oh there had been a couple of times she would tell him "you and me need to have a meeting of the minds and threaten to take him outback for who knows what. We always left Frisch's feeling good and happy after the "best waitress in town" had served us. We will miss you terribly my friend.*

“ *For a number of years Judy was our server and friend at Frisch's Restaurant. Our breakfast club met each Saturday morning at 7:00am and Judy was always there to greet us and good naturally give us a hard time. All of us looked forward to her gruff manner and her great sense of humor. We shared many laughs together and in many situations she brightened our day and outlook on life. Judy touched so many people and her memory will live on with each of us. R.I.P. Judy! We love you and miss you.*
