“ My dearest, beautiful mama. It has been the hardest two days of my life and i feel like it will never get any better. I have lost the purest, most beautiful woman ever placed upon this earth. Mama you were always there for me when i needed you and always managed to make me smile. You lifted me up when i was flat on the ground and i will cherish your memory always. I have never known a more perfect spirit than yours and we as a family lost our leader this week. You held our family together and will continue to be the guiding light that leads my way. So many great memories overflow from my heart and soul and i ache so much without you here by my side. You touched every person that ever had the honor of meeting you. God has taken from me the best person that I've ever known. Your blue eyed baby boy is lost without his mama. My best friend, my hero my first love. I will spend the rest of my life honoring your memory.

“ I am so saddened by Judy's death. I wish that she and I had been closer as sisters should be; everyone always thought that she was my mother because I look like her. She will always hold a special place in my heart.
She is with our Lord now and all the family and friends who have gone before her. May God Bless her children, husband, parents and siblings.
