“ I have so many fond memories of Kathleen as we both worked together in the Rural Highway Department for several years. It was such a fun time and we were both fresh out of High School. My regret is that we didn't stay in close contact. I last ran into her in front of WalMart in Frankfort which was the second time I had seen her in years. I thought of her so many times over the years and I will always remember her. We have spent the night with each other during that time, double-dated a few times. Just special memories. I am so very sorry for your loss. Sincerely, Doris B. Nave
