“ You have touched many people's lives and will be forever remembered. Your big sister, Lauren, mommy and daddy will miss you dearly along with a lot of other people who have followed you journey. You were unable to communicate your needs, wants and love here on Earth but now that you are in Heaven all of you pain has been lifted and you will be able to hold your family tight, show them love and forever watch over them. Although you will not be able to be seen, your presents will always be felt. Your love will never vanish. Fly high baby girl!

“ I imagine there is no pain more far-reaching and deeper than losing a child. My heart and prayers go out to you at this most difficult time.

*How very softly you tiptoed into our world,
almost silently, only a moment you stayed.*

But what an imprint your footsteps have left upon our hearts.

“ There are no words to comfort you right now, just know I am praying for all of you. Laiken can dance in heaven with my daughter Gabrielle, she turned 5 in January and there is not day that goes by that I don't think about her. I know what your going through and I just pray that God comforts you and gives you peace. You have a beautiful lil girl that is now an Angel watching over you. My heart hurts for you and I have cried since her passing. I am so sorry you have to experience this kind of pain. Just know that a piece of you is already in heaven.
