“ *Please convey condolences from our family to the family of Landon Ruth Meece.*

We met Landon at Kentucky Music Week before her family moved away from Nelson County, Kentucky.

Most of all, we remember what a gentle girl she was. She seemed to master the dulcimer music much more quickly than the adults did during the camp workshops. She made our time at camp a lot of fun.

Our prayers are with you.

“ *Dear Edwin and Karen,*

I want to express my deepest sympathy for your loss. There are no words that seem appropriate. I do not really know you, but Edwin I know and worked with your father many years at GTE/Verizon.

You and your families will be in my thoughts and prayers.

“ Karen,
My mom called me with the sad news on Wednesday. As the mother of two, I can't begin to express my anguish at the heartache you must be enduring. I immediately got in touch with Laurie, Missy, and Gail, who all feel the same way. We are so sorry for your loss and will keep you, Ed, and Edison in our thoughts and prayers in the days and weeks to come.
I hate that it takes something like this to get back in touch with someone I was so fond of in my youth. While I shouldn't have allowed that to happen, please know I am thinking of you now and hope that your faith in God and family will sustain you through this most difficult time. I read your blog and admire your courage and strength, especially in following your daughter's wishes and having Landon's organs donated so that she might live through others.
With sincere sympathy,
Kim

“ Ed and Karen-
Kim and I are good friends with Ron and Jean from Chevy Chase here in Lexington. We have a son named Landon. Ron stayed at our house the night Landon was born to watch our other two sons which meant a great deal to us. It's also strange but your Landon has the same birthday as mine so even though we had never met, I feel a connection. We are so sorry this happened. I know words cannot express the feelings you have but rest assured you will see her again someday. I know you have a great deal of friends and family so lean on them while God holds you up. We are praying for you both.
