“ *Loved my sister-in-law she had a way of telling it like it was. My first memory was going to their house in Florida and she prepared her famous hush puppies for a seafood cookout. Boy could she cook loved apple pies during the 127 yard sale event every year and cakes whenever there was an opportunity for us to get together. I know she is with Jesus praising His name and probably enjoying time with Mom playing cards or dice. Both of them telling stories about those of us still here. Enjoy eternity we will see you later!*

SH

“*Margie was one of the kindest people I've ever known. She was generous and loving. She loved her husband, family and extended family. She left her home in Florida and came to Kentucky to help take care of her Mother-in-Law when she was too ill to take care of herself. Who does that??*

She was a fantastic cook and seamstress. She made the best hush puppies, potato salad, cakes and world famous apple butter just to name a few of my favorites. She hand sewed beautiful quilts that she would give to family and friends. Family heirlooms for generations to come.

Margie was loved by her husband, children, grandchildren, nieces and nephews and Me. I can only hope that what little I was able to do for her at the end of her life was just a little repayment for all that she did for me during the last 20+ years.

Heaven gained an angel and I know she is happily dancing the streets of gold.
