“ Terri & Tonja:

*I am so sorry for your loss. Your mother was a precious soul who holds a dear place in a lot of hearts. I will never forget the times we spent at your home and her constant hospitality. You both are a living legacy to your mom - your kindness and warmth are all a part of her that will live on. Take care of yourselves and each other; and know that if you ever need anything, your friends will surround you. All of your families are in my prayers.*

“ *Tonjua and Terry, I received a call from my mom last night, and just wanted to let you know how sorry I was to receive that phone call. I keep remembering all that your mom did for all of us girls while we were growing up together, and how lucky we were to have people like your mom in our lives. I remember the trips to Daytona and our poor parents and hanging out at your pool during the summer, and all the funny times that we shared, and I wanted to let you know that I and my family are thinking about you in this sad time. Remember all the fun times that you shared with your mom, I know that I will. She will truly be missed, My condolences to all of your family.*
