“ To my dearest daughter. When you came to me 10-16-80. I Looked into your eyes for the first time. That very moment I fell in love with you. We went through a lot in your life. very good, and some very bad. I never once thought you would be taken by GOD before me. I Pray and have to understand that it was all in his planning not mine. You were very sick and your body could not handle the pain anymore. I MISS YOU SO VERY MUCH. You were my best friend. Earlier in the day before you passed. we were holding one another and giving kisses and good hugs. you looked so pretty that day. we talked about a few things that we were going to do when you felt better. Then you looked at me. told me how very tired you were and that you needed a nap. God came and took you home in your sleep. i know one day it wont hurt so bad but now. I guess I am selfish I want you here with me, even just for a few minutes just to touch your warm skin, put my fingers through your hair. tell you how beautiful you are. how much I miss you and your laughter, you were truly a different kind of person than most. you had a very kind heart and truly cared for people. especially people that others would not have around. I know GOD will give you a special gift for that. I Miss you every day and will until GOD comes for me. I will see and touch my beautiful girl again. I am ok but. tears come like a rain storm I Cant control, but have ask God to help me each day. Please look down from heaven and give me little signs that you are still with me. I SLEEP WITH YOUR SCARF everynight. I need to stop writing and tell you good bye for now. I Will talk and speak your name daily because you were a part of me. I Feel that gone. its just not the same anything without you. I WILL JUST PRAY. I LOVE YOU MY DEAR CHILD.

“ Charlotte and family:

*Words can't adequately express the heaviness I have on my heart for ALL of you at this time. I am so grateful that I was able to get to know Meagan, to get to be a source of encouragement for her in her battle with the seizure disorder, and to share my experiences with the disorder with her. I saw the twinkle in her eyes when she realized that there could be a solution. I will cherish her smile, her thankful heart, and our conversations about our experiences and about the Lord.*

*I'm thankful Meagan realized the Lord was with her through her trials, but now SHE is with the Lord, and what a glorious place to be. I know God didn't take her, but I am so, so thankful that God received her with open arms.*

*Again, my condolences to the family.*
