“ It's been almost two years now since you've been gone. You know I cry because I really miss you. Still, no one can understand, except God, the awful things that took you away from us. I know God has you and you're doing much better. I even know when you're watching me and when you're giving me advice about my son. I feel you and see you quite often in things I see and hear but not as much as I did. I know you're there. I miss you so much Mike.
