“ *It had been years since we had seen Scott, and were so sorry to read of his passing. We were neighbors for many years. Went to the drag strip once and enjoyed it. Our sympathy to all the family.*

“ *Scott will never be forgotten. AS long as we have our memories of all our good times together and the things we did, he will always be with us. He liked working on things and making it better. He was a master of many trades, a quality many people could not acquire. He was an innovator and inventor, being the first one to try building new things and then others would follow. My heartfelt condolences go out to all the family in your loss. He will be greatly missed. I will cherish the memories of the things we did growing up together. To Glenda, Kim, Constance, Ronnie, Donnie, I share in your loss. God Bless.*
