“ *Mrs Parrish was my 4th & 5th grade school teacher. As a struggling student, she saw my potential and went out of her way to make sure I actually learned and graduated. While a few other teachers at Peaks Mill Elementary attempted to hold me back, Mrs Parrish had the heart and know-how to push me through the system. If it were not for her, I would not have graduated college. The world needs more people like her. I only wish I would have told her sooner.*
