*I worked with Norman Q at KSP headquarters. He was one of the most "squared away" troopers that I ever knew! A really good guy!*

*I wasn't privileged to work with Captain Bryant very long before his retirement - but the time I was able to be acquainted with him - he personified the Trooper Image. He was insightful, intelligent and one of the great pioneers for many of the KSP initiatives for Public Relations and Crime Prevention. His crown jewel was the Honor Guard. A really good Trooper and fine man.*
