“ Cancer Sucks! It continues to take away those we love dearly way too early. I know Patricia gave it a good fight and so sorry that she lost in the end. But know that she will always be remembered by those she touched. I know that I will never forget the cruise that I went on with her and my sister Diane. That was the first time that I met Pat and I was impressed that she was such a trooper at everything. She was so funny though picking out her clothes and always asking Diane question after question. And of course the funniest part which I will never forget was her encounter with the "parrot"! When it was sitting on her shoulder and she was yelling get it off, get it off! She thought it was cute at first until it decided to attack her ear! She was a very special lady and will be missed.

“ Amber and family, My thoughts and prayers are with you during this difficult time. Anyone that was lucky enough to have known Pat knows what a sweet, kind and loving person she was. Cancer took her from us way too soon. She was an angel on earth and now is an angel in heaven. She will be missed, but always live in our hearts. I Love You Pat, Dee

“ Dear Amber and family, I feel so blessed to have had a chance to know Pat. She was a true friend to many people. I felt honored to have been able to consider her a friend. You will never know how much she helped me through Petes passing. I know you will miss her as will her Grand girls. We will each have a chance to meet with her again one day. She was a great lady and anyone who knew her, had to like her. She left us way too early but we never know what God has in his plans for us. I will always regard her as a dear friend. Please know I hope each of her family will adjust to this loss and know she is in a safe and better place. No words can really help us through this sad time but Faith and Hope will make each day a little easier to get through.
