“ Paula was creative, intelligent and generous with her time and talent. I never got to meet her in person, but will always value the time I was able to spend with her via the computer. Her miniature houses were truly beautiful and the stories she added about their inhabitants often brought a smile. I began to work with her on the one a month bunch in 2013 on Quarter Connection and our friendship grew from there. I will miss her expertise in all things miniature and her friendship most of all. My deepest sympathy to Rick and her family.

“ I worked with Paula at the Department of Insurance for several years, solving many problems over morning coffee. In addition to work, we both shared a love of crafting. I am the proud recipient of a Christmas themed doll house that I display every year. It always receives many compliments. Paula was an amazing co-worker who I am proud to say was also my friend.

“ I met Paula more than 20 yrs ago. We were a part of a Miniature group we called the Kentucky group. Our group met in person from time to time, even with our husbands. Paula and I just jelled. We talked nearly everyday, many times a day thru email. We both loved our large mini family, Quarter Connection. I miss her so much already. Although my heart is broken, Paula will forever remain one of my most cherished friends. Prayers to Rick and family!

“ We met Paula thru miniatures. She started out a customer and quickly progressed to a friend. She was as kind as she was talented....and she was extremely talented. We were devastated to hear of her passing. A bright light gone too soon. Rick and Family, our hearts and prayers are with you as you grieve. God Speed, Paula.

“ I can't even imagine miniatures without Paula! So loved working with her all these past 12 (maybe more!) years on Quarter Connection. She brought such talent and such artistry to the group. And then there was her sense of humor that always had us laughing! She'll be massively missed. My condolences to her entire family. Janet Smith
