“ *Phyllis and I were childhood friends and we had so much fun. All the fun good little girls could ever have; dolls and games, sleep overs, cooking fun stuff and playing with some of our brothers toys and games. Phyllis was very shy with such a beautiful spirit. I received information of her passing today and I still cannot believe it. As adults we rarely got together at all we lived in different states. From time to time I'd get word about what she was doing or what was going on. I really wish I'd reached out more. I will always keep wonderful memories of Phyllis, she was a fine lady. God wanted her with him I will have to accept this. Love you Phyllis.*

“ Phyllis and I went to school together and were friends. Then I worked right down the hall from her at Transportation. She was always so softly spoken. She will be missed by many, many people. My thoughts and prayers are with her brother and son. I regret that I will not be able to make it to visitation or the funeral, as I will be out of town, but please know that I am praying and thinking of you.
