“ My sympathy is extended to Phyllis' family. Phyllis treated all of us, as DACs, as a part of her family, showing concern for us as individuals while making sure to guide us through the requirements of assessment. Phyllis was always there for us and was easy for us to care for her in return. All who had the opportunity to cross Phyllis' path have been blessed.

“ Lillias and family, I so was heart broken when I heard about your precious daughters passing. I know you were so close to her and how this must break your heart into. YOU have told me many times of calling her each night and telling her good night. Dont stop telling her cause I am sure she will hear it even in death. She fought a good fight and finished her course and now a crown is waiting for her. the JOY of knowing someday you can see her again and never have to leave each other. IN THAT big HOMECOMING . GOD bless you Lillias , and know that theres alot thinking of you and has left condolences on the website that your husband started before he passed on. YOU have those precious memories to keep you going and i pray GOD gives you comfort and peace..I know how you live your life and HE WILL never fail you ..GOD bless you and know I love you and appreciate you so much for all the calls you have made to me . “ I will never forget the grin , the smile, and the oh so positive attitude. I will forever remember ... the first experience working with Phyllis she dressed up in her belly dancing costume and taught everyone in our group about laughing and doing whatever it took to remain focused for our kids. She will be greatly missed by all she touched.

“ I am so very sorry to learn of the passing of your loved one, Phyllis. She and I share a first name, but we also shared quite a bit more in the nine or so years I knew her. I was acquainted with Phyllis through my job as an assessment coordinator in Adair County. When I took this job, she was one of the first people I met from Frankfort and she was always the one I depended on for helping me when I needed assistance either by phone, e-mail, or in person. I could always count on her to get back to me quickly with an answer when I needed help. And, she was always so pleasant and friendly. She will be greatly missed. Your family is in my prayers. God Bless.”

“ I know you do not know me but I wanted to send a message to the family about my memory of Phyllis. I became acquainted with Phyllis through my role as an assessment coordinator in Bath County. She was always so willing to help me no matter how small or how big my problem was. Phyllis was such a wonderful individual that provided so much in the education field, more than she would have ever taken credit for. Her knowledge and her love for the advancement in education has inspired so many of us and I will never forget all that she has done to help me. I am so sorry for such a tremendous loss to your family and all the friends that she left behind.”

“ Our thoughts and prayers are with you all. In the brief time we were able to work with Phyllis, we were able to see how much she was respected by her co-workers and districts. She had so much enthusiasm and am certain she fought hard this past year to win this battle. You must all be very proud of her and we hope you all find comfort in knowing that she is now at peace and in a much better place eternally.

Our sincere sympathy,

The Pearson team
