“ *I knew Richard from the country club also. I practically grew up there. When I think of Richard I smile. He had a great personality and had the ability to make everyone laugh. Betty I am so sorry to hear of your loss. Keep your faith strong.*

“ *I was so sorry to hear the news of Richard's passing. Cuz as he was known by his Frankfort Country Club community a very special person. He always had a smile on his face, and was a true pleasure to work with. Richard was a true gentleman, and I couldn't wait to see what he would wear to the employee Christmas Party every year. He was quite the dresser. I did not know the family well, but Betty Dews I am so sorry for your loss. Richard was your world, and I know that your heart is broken. Cherish the good memories for the rest of your life, and know that you will be together again someday. I own my own business in Michigan now, and will not be able to get home. Love..Jim*

“ Knowing Richard he always had a joke or something funny to laugh about. Good memories are filled in my mind of how we joked about the chicken and the employee meal as each day he would always say Betty and me had to be Sisters because everyday I'd always end up fixing the same thing he had had for dinner the night before. There's a void now that can never be filled as he is somewhere the rest of us long to be. Sad circumstances surrounded Cuz's passing.. We have to face life each day knowing that we never truly know what each day has in store for us.

Many of us who wanted to attend his services today couldn't be there while others that were able to attend should be grateful for that. I never got to say "goodbye" to Richard. I did however get to talk to him a few days before his passing and was able to convince him to eat..

Now I guess we will have to wait to eat our fried chicken together, but that's ok cause when its meant to be it will be..

My deepest sympathy and condolences to his Family and Betty most importantly for she loved him so...
