“ My dear friend Tish, I am so sorry for your loss and if I could absorb some of your pain I surely would. I was only around your father a few times, but during those times it was clear he adored his little girl. I thank you for opening up your family to me so that I had the opportunity to meet him. He will be missed, but not for long. I love you doll and if you need me I am here.

“ Tish-- Your humor, strength and resilience will get you through this time, but also remember that the people you work with care about you and will be there for you as well. I didn't know your father but I do know of one very important thing he did: he had a great daughter with a big heart. I'm sorry for your loss.
