“ *I worked with "Bunky" at USG in the Industrial Division. He was a fabulous boss, friend and mentor. He yielded a mean red pen when it came to expense reports or reports in general. It made me pay attention to detail much more than I might otherwise have. He also delighted in the fact that we could go to lunch in the more rural areas of my territory and spend very little. My heart goes out to Betty and the family. Please know he meant so much to me as well as so many his life touched along the way. May you be comforted knowing he is at peace.*

“ *It was really a joy to have worked with Bob here at U.S. Gypsum Company. Though I never worked directly for Bob, I was part of the Industrial Group and had the opportunity to travel with him once to south Texas many years ago. Along the way, he would test my plaster knowledge with interesting (and not always easy) questions and comments. He was a really good man and a joy to have known. His goodwill towards our industry and others whom he interacted will always be recognized.*

“ Greg, sorry to hear about your dad. I don't think I had the pleasure of meeting him but considering the Son that he had, he had to be someone special.
