“ *Its been almost 9 months since you passed away and not a day goes by that I don't think of you and miss you so much. I miss your phone calls that I never returned and I miss hearing your voice so much listening to the messages you would leave. I should have been a better granddaughter to you and now I wish I had been. The only comfort that I find in you not being here is knowing that you are with my Daddy and taking care of him. I know you missed him alot over the years and it puts me at peace knowing that you are with him now. I was very fortuate having you as a grandmother for many years. I will always share stories with Jennica about you and show her pictures of you so she will always remember what a great lady and grandmother you were. I love you dearly and I miss you more then you could ever know. My heart truly aches for you. Love you*
