“ *When I first started working at Toyota, Sheila was one of the first ones that really welcomed me. She had the kindest spirit, such a great sense of humor and always had the willingness to help others - no matter what. To Sheila's family and friends - please accept my most sincere condolences and know that my thoughts & prayers are with you.*

“ *I was happy to connect back up with Sheila after so many years had past since our teenage years. I'll always remember that laughing giggle and quick-to-flash grin! I recall being so impressed with the piano music she once played for me that she had composed herself...Sheila had sooo many talents/gifts! One of the memories I have of her is her riding a horse at a barn up the road from her house (I was afraid of horses so I was quite impressed) and how she commanded it with such confidence. I recall how long and wavy her hair was and how it fit her very spirited nature. I regret I wasn't able to travel to Kentucky to visit her but I will always treasure Noni holding the phone to her Mom's ear so I could tell her that I loved her and I'd see her again one day. Even though she was only able to make a couple of sounds, I knew that she had understood my words. I thank her too for asking God to send that bluejay outside my kitchen window just a few feet from where I had just been reading Bob's message about a bluebird that he and Sheila had had a conversation about. While our hearts ache, it is of great comfort to know that we who also believe will all be reunited some day. Love you kiddo! God's peace and strength to all of her family and friends.*

“ Sheila you left us with smiles in our hearts, we can still hear your laughter - what a great gift from a great lady! We are comforted knowing you are watching out for all of us from Heaven - just as you did in your earth life. Bless you Sheila and your family.

“ Our co-worker and friend is gone from here but now she's Sheila in Heaven. I loved the way she would look at me in the mornings with shifty eyes, then break into a smile. That lady was and is a tropper! It's comforting to know she's in the best place and we'll see her in the future. See you later Shelia!

“ I knew Sheila for a very short time, working with her briefly on database issues and sharing a table with her at an IT meeting. She was a pleasure to be around, good humor, upbeat attitude, appreciative, positive outlook, sharing ... all great qualities. She will be missed greatly by her Toyota family. This is a wish for her family to remember happier times while working through the sorrow. My condolences to her entire family. May God bless you all.

“ I am so sorry that my sister, Sheila, lost her battle with cancer. She was such a strong and spiritual person. I know she is smiling down on us from Heaven right now. I was so glad to get to see her recently. I will miss her so much. My thoughts and prayers are with her husband, children and grandchildren at this difficult time. Thank you all for helping her during her time of need.

“ *The last time I saw Sheila, I was getting ready to head back to New Zealand.*

She told me she hated saying goodbye.

I remember Sheila's smile - she always had a joke (or a witty comment) at hand.

Sheila would deny it, but she always tried to look out for everyone in our small team.

I hate to say goodbye like this - farewell my friend.
