

Dr. Thomas Hamilton

September 17, 1977 - July 4, 2025

Frankfort – Dr. Thomas Evener Hamilton, age 47, passed away on Friday, July 4, 2025.

Services will be held at Capital City Christian Church on Wednesday, July 9, 2025, at 2:00 p.m., with Dr. Stephen Pattison and Ben Webb officiating.

Visitation will also take place at the church from 11:00 a.m. until 1:30 p.m. on Wednesday.

Dr. Hamilton was born in Portsmouth, Ohio, on September 17, 1977. He graduated from Alice Lloyd College and the University of Louisville School of Medicine, then completed his residency at McLeod Regional Hospital in Florence, South Carolina. He served the Lawrenceburg community for 20 years as a Family Practice Physician—first at Capital Family Physicians and later with Baptist Health—where he was known not only for his medical expertise, but also for his kind, compassionate, and personable nature.

Thomas had many varied interests. He was an avid hunter and fisherman, loved woodworking, and was an aspiring pilot. A man of many skills and an even bigger heart, he was a faithful member of Capital City Christian Church, where he served on the medical team. With warmth, integrity, and genuine love, he lived out his faith daily in the way he treated others.

He was the rock of his family—a deeply devoted husband, an encouraging and proud father, and, as his children would say, “a pretty rad dad.” He cheered the loudest at their games, celebrated their wins, and supported their dreams with unwavering love.

Dr. Hamilton will be remembered not only for his accomplishments, but for how he made people feel—seen, cared for, and respected. His legacy lives on in the countless lives he touched through his family, his practice, his friendships, and far beyond.

He is survived by his beloved wife, Alatheia Lee Pattison Hamilton; his son, Steven Thomas Hamilton; his daughter, Morgan Elizabeth Hamilton Hulette (Sawyer); his mother, Linda Sutton Hamilton; and his sisters, Amy Elizabeth Ratcliff (Hager) and Carrie Ann Barhorst (Brian), along with a niece and several nephews.

He was preceded in death by his father, Evener Hamilton.

Serving as pallbearers will be family and friends.

Arrangements are under the direction of Harrod Brothers Funeral Home & Crematory. Condolences may be shared via the online guestbook at www.harrodbrothers.com.

“ On behalf of the entire Baptist Health Medical Group East Region team, please accept our deepest condolences on the unexpected passing of Dr. Hamilton. We are heartbroken by his unexpected passing and want you to know how much Dr. Hamilton meant to all of us—not only as a dedicated physician but as a kind and compassionate colleague. In honor of Dr. Hamilton’s legacy and the lives touched through his compassionate care, we are gifting a Chinese dogwood tree to your family. May it serve as a living tribute to the strength, grace, and enduring impact Dr. Hamilton had on our community.

Our thoughts are with you during this difficult time.

“ Dear Hamilton family, I will pray for you in the days to come. Dr. Hamilton was my mother’s doctor for the past 9 years. Her health declined in the last two years before she passed away. He took such wonderful care of her. He was patient and kind and always listened. She loved him dearly. Our community was richer for his presence and service and he will be sorely missed! One day there will be an awesome heavenly reunion. Until then, we will hope and pray and walk by faith! M. Hunt

“ 🙏 *We met Dr. Hamilton when we first moved here. It was just a couple of months after he started in his practice. This was right after the fire and the staff was working as best they could out of that tiny temporary office space with the cubicle partitions and folding chairs. He cared for our young children into their adulthood and saw that Chris and I were cared for as we aged. He carried us through some pretty rough times, as well as celebrating joys, while he and his family were going through their own. Almost twenty years of care that also turned to friendship and mutual interests and familiarity. I'm grieving this loss so much, as many are. He had a place in our family throughout our routines and cycles. Tommy will forever be a piece of our family's foundation. Heartfelt condolences to his beautiful wife, Alathea, his children, family, and many friends and all the lives he touched. Rest peacefully, Tommy. I'll say it again; you did so much good.*

We shared a lot of jokes, and supported each other on the hard days. He was an amazing physician, and my parents loved having him as their doctor. More importantly, he was a loving, caring man who lived his faith, and touched so many lives. He will be greatly missed, and I pray that his family can take some small comfort in the love and prayers we all are sending to them.*

“ Our words cannot adequately express our heartfelt sympathy and condolences on the loss of Dr. Hamilton. He was one of the brightest points of light we saw when we moved to Anderson County in the Spring of 2009 after spending the previous 24 years in the U.S. Air Force.

He became our family doctor, confidant, and friend. His caring demeanor and willingness to listen was always evident in his compassionate care. His focus on our son, Joshua, who has Down Syndrome helped us through some very difficult times these past 16 years. We are confident that his other patients received the same level of kindhearted support.

Our family was truly blessed by Dr. Hamilton and the support staff around him. We are so thankful we had the chance to know him as he was one of the best doctors and men we've ever met. Our prayers continue for the entire family and all of his healthcare colleagues.~~~~Rick, Sherri, and Joshua Johnson

“ I met Tommy our Freshman year at Alice Lloyd College. I was a firefighter/EMT on weekends when not in class, and he and I became fast friends. I transferred out to another college in Central KY after my first year, but had the opportunity to see him again after my dad became one of his patients in Lawrenceburg, where my family and I had relocated to. He saw my dad's name and asked him if he happened to know someone named Shane and my dad was like "yep that's my son" and then told me. I went with my dad to his next appointment and we talked for half an hour in the exam room just catching up. Unfortunately, because of how life gets in the way, we never really saw each other again. When finding out of his passing, I feel heartbroken. He was such a kind and caring person (well before he became a doctor) and that was who he was his whole life. I am comforted to know that he knew Jesus and has joined Him in paradise where we will meet again one day. May God grant peace and comfort to his wife, children, mom, and his friends. Go rest high on that mountain Tommy.

“ Twelve years ago Dr. Hamilton became my Dr. I have never had a Dr. that I liked, respected, trusted and had full confidence in as I did with Dr. Hamilton, he always took time, never rushed, knew you as a person... remembered previous conversations from a year ago. He was compassionate and truly cared. I saw him the Wednesday before he died, that visit, our talk, his smile and our laughs... that's how I will remember my great Dr. and the beautiful person he was. Thoughts and prayers for his family, friends, co-workers and his patients. Going to be hard to find someone to take your place. You will be so very missed. I know you are in God's care now.

“ A perfect example of a person full of care and thought. He happened to be a Doctor. He was mine for fourteen years. I was shocked when learning of his passing. Thankfulness abounds. I am healthier because of his care. Smarter because of his thoughtfulness, and humbled when considering his compassion and medical advice. God bless his family - You shared a huge and valuable part of your life. Sam Dynes, patient.

“ My sorrow will pass but the memories I have of chats with Dr. Hamilton about hunting, fishing, being outdoors, sharing pictures and enjoying life will always be in my heart ❤️ I will continue to pray for his family, the loss they are going through. The love he shared of his family and friends we all will remember.

Dr.Hamilton had a special gift. He would talk with patients, get to know them so he could help each and every one! He knew how to explain and guide people with their illnesses and pain. He made every patient feel special!

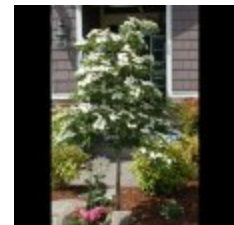

He is the Doctor that every med student should learn from!!!

Prayers of strength, comfort and peace to the Hamiltons ❤️ May you find some rest in knowing how deeply Thomas was loved by all those that had the privilege to know him, Thank you for sharing with us such a beautiful soul!❤️

“ Dr.Hamilton was not only my doctor he was my medical support system for what I was going through. Dr.Hamilton was not only a doctor but he cared about his patients, he took the time to really care. I can remember how challenging my visit's could be with him sometimes he would make me so upset with him all because he would tell me the truth and showed that he cared lol . He would stay on me.... You need to do this you don't need to do that, man he was like a recording lol . But at the end of the day he was always right. I don't think I would ever find another doctor like him, but I know he has ran his race , changed peoples lives so much for the better, he served his purpose here in this earth now God needs him,so he has gone to receive his reward...🙏🙏 R.I.P Dr. Hamilton I will truly miss you 😭.

Dr. Hamilton , was a kind ,caring and compassionate person that made him such a great Dr . that no amount of education could give him . He didn't just rush in and take your complaints check your vitals tell you what was wrong and write a script and rush back out the door. He was one that truly care about you as person not just about your illness but taking taking time to ask how life was treating you and then the time to listen while never making you feel rushed to do so . He was a one of kind and he will do missed by so many .My brother passed this past April from COPD and for over 10 years he went way above his calling with my brother who loved him. He made sure to always check in on my brother with a call , not waiting for brother to make an appointment . He took time with us his family explain things . May God bring his family friends co-workers and patients comfort . Thank you Lord for welcoming him into his eternal home a place called heaven . You just knew he was true man of God.

Dr. Hamilton has been my doctor for probably the last 7-8 years. I was sure I had won the lottery of doctors. He always had a calm, assuring, and kind spirit and his wisdom in healthcare was evident. Dr. Hamilton was one of the best doctor and friend. I saw him on Monday. He was the same sweet person as always. He made sure he took the time to listen and genuinely cared about your problems. He was my doctor and friend since 2013. He was the best of best. Always making sure he kept you in line regarding my health. I saw him on Monday before he left us. He was concerned about me losing so much weight and made it clear I better gain some before I saw him again in two months. We talked about fishing and his hunting trips and how he was going on vacation to relax and fish at the end of the week. He cared deeply for his family and patients. His faith in God showed through. We could talk about anything and he got me through some really tough times when I was dealing with taking care of my sister and would always ask how she was doing. She had past away and he made sure to ask about her. He was a wonderful doctor and friend. They just dont make them like him anymore. Thoughts and prayers for his family. Thank you for sharing him with us. God gained one of the best and I'm sure he's resting in the arms of God
