“ I was just made aware of Vicki's passing through our alumni page on FACEBOOK, I wish to extend my most heartfelt condolences to the family. I graduated from OCHS with Vicki in 1975, we always knew when each other's birthdays were because she was one day older than me. Vicki was a very sweet and caring person and someone who was always ready with a word of encouragement for her friends, of which I was fortunate to be counted as one of her many friends!
