“ *A great shock. I remember David as a real hard- nosed basketball player that could not go to his left, but could not be trapped going to his right. Much to quick. Fond memories of a great person.*

“ I’ve called David my brother from another mother because that is how I felt about him because of treating me like his sister by being such a great friend. David was in my wedding in 1991 as an groomsman and from that day he definitely made me feel special for being a part of my special day. One thing for certain two things for sure I loss a great friend and he’ll truly be missed by me. David thank you so much for be a big brother to me. I ❤️ you.
