“ *I have such fond memories of Bill from our Franklin County High School days. We shared so many classes together all four years. He was such a brilliant student. He often helped me understand the more difficult math and science assignments. Even though he was a very serious student, he was also so much fun to be around. His smile and laughter was contagious. After high school, our paths went different directions but he still holds a special place in my heart as an encourager and great friend.*

“ I’m going to try and write something without but now sure I’ll be able to get it all out. I echo all the things everyone else said. I saw him every work day and he always had a smile on his face. We shared food with each other from time to time. He got a State Journal every day and brought it to me after he read it. Sometimes, he kinda used it as his placemat while eating lunch because it would smell like food which we joked about. He asked me once if they made plastic placemats anymore and I said I wasn’t sure. Looked a couple of places to get him some and no luck. Happened upon two Christmas ones at Goodwill so I brought them in for him. I’m a self-proclaimed ecard/cell phone joke queen and I shared MANY of them with him to which I got his boisterous laugh that couldn’t be duplicated by anyone if they tried. We were both Pic Pac deli lunch fans so we’d get each other food from time to time. Most of the time he wouldn’t let me pay. He was a member at the Elks Club for years and knew my dad. Simply put, he reminded me very much of my dad who I dearly miss as I will miss Bill. He was extremely generous & “ we collect money for funeral flowers, etc sometimes and for several that he was close to, he bought his own and had them sent & “ Steven Dearborn and Steve Rucker & “ he had floral wreathes made for their favorite ball teams. This past Christmas, our custodian had to have surgery and take off for a long time. We always went together and gave her money for Christmas in years past but because that Christmas was going to be a little harder on her, he gave me \$100 for her. I can’t say enough about his kindness and generosity.

“ *My heartfelt condolences to Bill's family. I've worked with Bill for most of my 35 years in state government IT. He was a consummate professional, and clearly the resident expert on the inner workings of Bell South & AT&T, and a conscientious public servant. I suspect he knew more about AT&T than the vast majority of AT&T staff does! He was a gentleman & scholar of all things telecom! Beyond that, a kind and respectful man.*

Rest In Peace, Bill! Will miss you greatly.

“ *So sorry to hear about Bill's passing. I worked at BellSouth/AT&T for 30 years and was involved with the State Government telephone account for the majority of that time having the pleasure of talking with Bill on a daily basis. He was always friendly, professional and very knowledgeable. I know he will be missed by his family and friends.*
